App Development Progress: Anjan & Abhirup remain to be the core developers for App. In addition to that Harsha and Sreekar are included in the new development requirements

Essential Requirements - Along with previously completed Completed.
Abhirup has taken responsibility to work on Additional Essentials requirements

Necessary Requirements - Harsha and Sreekar along with Anjan assistance are going to be working on Necessary Requirements

Nice to have Requirements - We have for now kept the nice to have requirements aside for later although Anjan is Looking into Several projects by same user implementation.

Weekly report & Blog:  Denzil: would continue to work on weekly report and Blog while staying in the loop with the App developments.
Current Weekly Report: Updated and Uploaded.

Basic Prototype:

The team successfully completed our second milestone: Basic Prototype and was delighted with our team member Abhirup's presentation on our basic prototype. We ensured to cover all aspects and criteria along with the blog. Team focuses on continuing with the same determination.
